Professional Experience:

Security Professional | *Allied Universal Security Services* | Detroit, MI

2024 - 2025

- Monitored facility access and verified identities to enforce security policies and prevent unauthorized entry, demonstrating strong attention to detail and compliance awareness.
- Observed and assessed environments through patrols and surveillance, identifying potential risks and reporting issues and incidents promptly for effective and immediate resolution.
- Documented and analyzed incidents with clear, accurate reporting to support security operations and risk assessment.
- Interacted with organization employees and visitors while maintaining security protocols, reinforcing a culture of safety and situational awareness.

- Conducted continuous risk assessment and threat monitoring to maintain a secure environment for resources, assets, and facilities.
- Diligently enforced access control procedures by verifying identification and authorizing entry for employees, visitors, and vendors with no incidents or breaches.
- Monitored and logged vehicle, cargo, and visitor activity to ensure 100% compliance with security protocols.
Identified, documented, and reported security incidents and policy violations according to established procedures.
- Performed regular patrols to detect anomalies, safety hazards, and unauthorized activity.
- Effectively collaborated with team members and supervisors to respond to incidents and escalate concerns appropriately.
